We are pleased to offer you a Pageant Video in DVD or VHS Format. The purchase of the Video is completely optional. However, in our honest opinion, there are no greater pageant teaching tools available than the photos and videos of your actual competition. Keep in mind that there are no scores available. Not to mention, the sentimental value is priceless. Videos are often among the most treasured possessions. Time stands still for no one and memories fade. Videos are an excellent way to reflect and share your memories with the special people in your life.

The Video will include footage off all on on-stage competitions as well as some rehearsals.

A wonderful keepsake video for only ...
\$85.00 if ordered on or before day of pageant.
\$125.00 if ordered after day of pageant.

(Price includes packing and shipping) • (Delivery approximately 6-8 weeks after the pageant)

No refunds or cancellations.
All orders must be handled through this pageant office
or we will not be responsible for their delivery.
